

Prince Edward Island Summer Tapestry Retreat
At Bayberry Cliff Inn Bed and Breakfast.
July 21-25, 2008

Learn weaving and tapestry techniques using your own plant-dyed yarns to capture the beauty of Prince Edward Island.

All levels of experience invited to participate.

Each day will begin with gathering and talking about the work in progress and what to expect that day. We will have ongoing dye pots cooking, using native plants for color. These may be used in your projects as well as an assortment of yarns dyed prior to the workshop.

Included in the workshop fee is a field trip to the Belfast Mini Mills. This one-of-a-kind business is a must-see. Also included is a trip to Island Pride Farms, a local nursery, where you will learn about dye plants and gardens. Optional evening events include an evening tour of an historic lighthouse, and to cheer us on, a visit to a local winery.

Expect to be immersed in the landscape, the people, and to be nourished by food as well as the creative process. It's an experience to "dye" for!

LOCATION

The workshop will take place at The Bayberry Cliff by the Sea Bed & Breakfast. This is a lovely location situated on the cliffs of the Northumberland Straights. Visit the website to get a glimpse of what to expect. You will live and work in this inspired environment, with painted murals, quiet all around, and outstanding views. You can be as private or public as you would like, and easily step away for a moment to rest.

Prince Edward Island is 25 miles off the coast of Nova Scotia and is one of Canada's Maritime Provinces. It is easily accessible by air and by car.

ENROLLMENT - HOW TO APPLY
